

2024 Community Care Card Participation Form

United Way of Henry County & Martinsville (UWHCM) strives to advance education, financial stability, and healthy living for all in our hometown. As a local non-profit we understand the importance of investing time and energy in our community. We aim to truly be neighbors helping neighbors; therefore, UWHCM has introduced our very own **Community Care Card** to help showcase local business.

Participation in the coupon book has no direct cost: you let us know what promotion your business is comfortable offering to folks, and all we ask is that you honor that discount for the active period* of the Care Card. We need your help in sharing our gratitude to our neighborhood supporters by participating in our annual small-business coupon book.
