

# EMPOWERING OUR COMMUNITY WHILE ADDRESSING CRITICAL NEEDS

Since 1937, United Way of Henry County and Martinsville has mobilized our community to advance health, youth opportunity, and financial security so that all have the opportunity to thrive.

## ABOUT US

### A Nonprofit You Can Trust

Serving MHC for almost 90 years, your local United Way remains a reliable, community-centered organization that families and partners depend on.

### Community-Led Decision Making

Local volunteers guide annual funding choices, allowing us to support the programs and services our neighbors identify as most urgent and meaningful.

### Strengthening Service Network

Each year, we help strengthen over 25 nonprofit partners, including our own locally-tailored programs, empowering a network of support for those in need.

### Local Support Powered By You

The gift you entrust to us drives measurable change in MHC, providing timely help for families and building a stronger community through donor-backed solutions.
